How do I access a University course?

Ian Clayton: USMBOK Author - 2019-08-19 - 0 Comments - in Service Management University

All University courses require you to be logged in as a member and have a current membership.

You can login from the homepage by using the button in the top right-hand corner.

Use the login information emailed to you when you became a member. If you have forgotten or misplaced this information the login button also provides you access to the process you can follow to be reminded of any of this information.

When you login you will be taken to the University dashboard, and from here you can access any of your active courses or enrolled in any new courses. The system will remember where you last left a topic or lesson within a course, making it simple to pick up matters where you last left them.
